§ 8. It shall be lawful for any insurance company organized under this act, or any such company incorporated under any law of this state, to invest its capital and the fund accumulated in the course of its business, or any part thereof, in bonds and mortgages on improved unincumbered real estate within the state of Illinois, worth fifty per cent. more than the sum loaned thereon, (exclusive of buildings, unless such buildings are insured and the policy transferred to said company); and, also, in the stocks of this state, or stocks or treasury notes of the United States; and, also, in bank stock of national banks; and, also, in the stocks and bonds of any county or incorporated city in this state authorized to be issued by the legislature; and to lend the same, or any part thereof, on the security of such stocks or bonds, or treasury notes, or upon bonds and mortgages as aforesaid, and to change and re-invest the same as occasion may, from time to time, require; but any surplus money, over and above the capital stock of such fire and inland navigation insurance companies, or any such insurance companies incorporated under any law of this state, may be invested in or loaned upon the pledge of the public stocks or bonds of the United States or any one of the states, or the stocks, bonds or other evidences of indebtedness of any solvent, dividend-paying institution incorporated under the laws of this state or of the United States, except their own stock: *Provided, always*, that the current market value of such stocks, bonds and other evidences of indebtedness shall be, at all times during the continuance of such loans, at least ten per cent. more than the sum loaned thereon.

Limitation on
purchases and
sale of real
estate.

§ 9. No company organized by or under this act shall purchase, hold or convey real estate, excepting for the purposes and in the manner herein set forth, to-wit: *First*, such as shall be requisite for its convenient accommodation in the transaction of its business; or, *Second*, such as shall have been mortgaged to it in good faith, by way of security for loans previously contracted, or for money due; or, *Third*, such as shall have been conveyed to it in satisfaction of debts previously contracted in their legitimate business or for money due; or, *Fourth*, such as shall have been purchased at sales upon judgments, decrees or mortgages obtained or made for such debts; and it shall not be lawful for any such company to purchase, hold or convey real estate in any other case or for any other purpose; and all such real estate as may be acquired as aforesaid, and which shall not be necessary for the accommodation of such company in the transaction of its business, shall be sold and disposed of within five years after such company shall have acquired title thereto, unless

the company shall procure a certificate from the auditor of public accounts, that the interests of the company will suffer materially by a forced sale thereof; in which event the sale may be postponed for such a period as the said auditor shall direct in said certificate; and the said auditor may also give such certificate and extend the time for holding real estate, in the like circumstances, on the application of any insurance company heretofore incorporated.

§ 10. The charter and proof of publication herein required to be filed by every such company, shall be examined by the attorney general, and if found conformable to this act and not inconsistent with the constitution or laws of this state, shall be certified by him to the auditor of public accounts, who shall thereupon cause an examination to be made, either by himself or by three disinterested persons specially appointed by him for that purpose, who shall certify, under oath, that the capital herein required of the company named in the charter, according to the nature of the business proposed to be transacted by such company, has been paid in, and is possessed by it in money or in such stocks and bonds and mortgages as are required by the eighth section of this act, or of a mutual company, that it has received and is in actual possession of the capital, premiums or *bona fide* engagements of insurance or other securities, as the case may be, to the full extent and of the value required by the sixth section of this act; and the name and the residence of the maker of each premium note forming part of the capital, and the amount of such note, shall be returned to the said auditor, and the corporators and officers of such company shall be required to certify, under oath, that the capital exhibited to those persons is *bona fide* property of the company. Such certificate shall be filed in the office of the said auditor, who shall thereupon deliver to such company a certified copy of the charter and of said certificates, which, on being filed in the office of the clerk of the county where the company is to be located, shall be their authority to commence business and issue policies; and such certified copy of the charter and of said certificates may be used in evidence for or against said company with the same effect with the originals, and shall be conclusive evidence of the fact of the organization of such company.

Auditor to

§ 11. The corporators or the trustees or directors, as the case may be, of any company organized under this act shall have power to make such by-laws, not inconsistent with the constitution or laws of this state, as may be deemed necessary for the government of its officers and the conduct of its affairs, and the same, when necessary, to alter and amend; and they and their successors may have

a common seal and may change and alter the same at their pleasure.

Dividends.

§ 12. It shall not be lawful for the directors, trustees or managers of any such insurance company to make any dividend except from the surplus profits arising from their business; and in estimating such profits there shall be reserved therefrom a sum equal to the whole amount of unearned premiums on unexpired risks and policies, and, also, there shall be reserved all sums due the corporation on bonds and mortgages, stocks and book accounts, of which no part of the principal or the interest thereon has been paid during the last year, and for which foreclosure or suit has not been commenced for collection, or which, after judgment obtained thereon, shall have remained more than two years unsatisfied, and on which interest shall not have been paid; and, also, there shall be reserved all interest due or accrued and remaining unpaid: *Provided, always*, that any company may declare dividends, not exceeding ten per cent. on its capital stock in any one year, that shall have accumulated and be in possession of a fund, in addition to the amount of its capital stock and of such dividend, and all actual outstanding liabilities, equal to one-half of the amount of all premiums on risks not terminated at the time of making such dividend. Any dividend made contrary to these provisions shall subject the company making the same to a forfeiture of its charter, and each stockholder receiving it to a liability to the creditors of such company to the extent of the dividend received, in addition to the other penalties and punishments in such case made and provided. This section shall not apply to the declaration of scrip dividends by participating companies, but no such scrip dividends shall be paid except from surplus profits after reserving all sums as above provided, including the whole amount of premiums on unexpired risks. The word "year," wherever used in this section, shall be construed to mean the calendar year.

Disposition of
Note.

§ 13. All notes deposited with any mutual insurance company at the time of its organization, as provided in section six (6), shall remain as security for all losses and claims until the accumulation of the profits invested as required by the eighth (8) section of this act shall equal the amount of cash capital required to be possessed by stock companies organized under this act, the liability of each note decreasing proportionately as the profits are accumulated; but any note which may have been deposited with any such mutual insurance company subsequent to its organization, in addition to the cash premium, or any insurance effected with such company, may, at the expiration of the time of such insurance, be relinquished and given up to the maker thereof or his representative, upon his

paying his proportion of all losses and expenses which may have accrued thereon during such term. The directors or trustees of any such company shall have the right to determine the amount of the note to be given, in addition to the cash premium, by any person insured in such company, but in no case shall the note be more than five (5) times the whole amount of the cash premium; and every person effecting insurance in any mutual company organized under this act, and also their heirs, executors, administrators and assigns continuing to be so insured, shall thereby become members of said corporation during the period of insurance, and shall be bound to pay for losses and such necessary expenses, as aforesaid, accruing in and to said company, in proportion to the amount of his deposit note or notes. The directors shall, as often as they deem necessary, after receiving notice of any loss or damage by fire sustained by any member, and ascertaining the same, or after the rendition of any judgment against said company for loss or damage, settle and determine the sums to be paid by the several members thereof as their respective portion of such loss, and publish the same in such manner as they shall see fit, or as the by-laws shall have prescribed, and the same [sum] to be paid by each member shall always be in proportion to the original amount of his deposit note or notes, and shall be paid to the officers of the company within thirty (30) days next after the publication of said notice; and if any member shall for the space of thirty (30) days after the publication of said notice and service of such notice upon such member by mail, directed to him at his post-office address as written in or upon his application for insurance, neglect or refuse to pay the sum assessed upon him as his proportion of any loss as aforesaid, in such case the directors may sue for and recover the whole amount of his deposit note or notes, with cost of suit; but execution shall only issue for assessments and costs as they accrue. If the whole amount of the deposit notes shall be insufficient to pay the loss occasioned by any fire or fires, in such case the sufferers insured by the said company shall receive, toward making good their respective losses, a proportional share of the whole amount of said notes, according to the sums by them respectively insured, but no member shall ever be required to pay for any loss occasioned by fire or inland navigation more than the whole amount of his deposit note.

§ 14. Every fire and inland navigation insurance company hereafter organized, if it be a mutual company, embody the word "mutual" in its title, which shall appear on the first page of every policy and renewal receipt; and every company doing business as a joint stock com-

pany shall, upon the face of its policy, in some suitable manner, express that such policy is a stock policy.

Suits by and
against corpora-
tion.

§ 15. Suits of law may be maintained by any corporation formed under this act against any of its members or stockholders, for any cause relating to the business of such corporation; also, suits at law may be prosecuted and maintained by any member or stockholder against such corporation, for any losses which may have accrued if payment is withheld after such losses may have become due.

Liability of
trustees and in-
corporators.

§ 16. The trustees and corporators of any company organized under this [act] shall be severally liable for all debts or responsibilities of such company, to the amount by him or them subscribed, until the whole amount of the capital of such company shall have been paid in, and a certificate thereof recorded as hereinbefore provided. Notes taken in advance of premiums under this act are not to be considered debts of the company, in determining whether a company is insolvent, but are to be regarded as assets of the company.

Existing com-
panies may ex-
tend their char-
ters.

§ 17. Any existing joint stock fire insurance company heretofore incorporated under the laws of this state, and any company organized under this act, having a capital of at least one hundred thousand dollars, may, without increasing its capital, at any time within two years previous to the termination of its charter, after giving notice, at least once a week for four weeks successively, in a newspaper published in the county where such company is located, of such intention, and with a declaration, under its corporate seal, signed by the president and two-thirds of its directors, of their desire for such extension, extend the term of its original charter to the time specified in the twenty-sixth section of this act, by altering and amending the same so as to accord with the provisions of this act, and filing a copy of such amended charter, with the declaration aforesaid, in the office of the auditor of public accounts, whereupon the same proceedings shall be had as are required in the tenth section of this act; and any mutual insurance company, heretofore incorporated or organized under any of the laws of this state, having surplus assets, aside from premiums and stock notes, sufficient to re-insure all its outstanding risks, after having given notice once a week, for four weeks, of their intention and of the meeting hereinafter provided for, in a newspaper published in the county where such company is located, may, with the consent of two-thirds of the corporators or members present at any regular annual meeting, or at any special meeting duly called for the purpose or with the consent, in writing, of two-thirds of the corporators or members of such company, and the consent, also, of three-fourths of the trustees or directors, unless otherwise provided in the

charter, become a joint stock company, by conforming its charter to and otherwise proceeding in accordance with this act; and every member of such company, on the day of said annual or special meeting or the date of said written consent, shall be entitled to priority in subscribing to the capital stock of said company for one month after the opening of the books of subscription to such capital stock, in proportion to the amount of cash premiums paid in by such members on unexpired risks in force on the day of said annual or special meeting, or the date of said written consent; and every company so extended or changed shall come under the provisions of this act, in the same manner as if it had been incorporated originally under this act.

§ 18. Any existing fire insurance company, and any company formed under this law, may, at any time, increase the amount of its capital stock, after notice given, once a week for four weeks, in any newspaper published in the county where such company is located, of such intentions, with the written consent of three-fourths, in amount, of its stockholders, unless otherwise provided in its charter, or if a mutual company, with the unanimous consent of its trustees, unless otherwise provided in its charter, by altering or amending their charter in this respect, and filing a copy of their charter, so amended, together with a declaration under its corporate seal, signed by its president and directors, of their desire so to do, with such written consent of three-fourths, in amount, of its stockholders, or the unanimous consent of the trustees as aforesaid, to such increase, in the office of the auditor of public accounts, and upon the same proceedings had as are required by the tenth section of this act.

It shall be the duty of the auditor of public accounts to cause the information contained in the statements required by this section to be arranged in a tabular form, and printed in his biennial report.

Requisites for
foreign compa-
nies doing busi-
ness in this
state.

§ 22. It shall not be lawful for any insurance company, association, or partnership incorporated by or organized under the laws of any other state of the United States, or any foreign government, for any of the purposes specified in this act, directly or indirectly, to take risks or transact any business of insurance in this state unless possessed of the amount of actual capital required of similar companies formed under the provisions of this act; and any such company desiring to transact any such business, as aforesaid, by any agent or agents in this state shall first appoint an attorney in this state on whom process of law can be served, and file in the office of the auditor of public accounts a written instrument, duly signed and sealed, certifying such appointment, which shall continue until another attorney be substituted; and any process issued by any court of record in this state, and served upon such attorney by the proper officer of the county in which such attorney may reside or may be found, shall be deemed a sufficient service of process upon such company, but service of process upon such company may also be made in any other manner now provided by law. In case any insurance company, not incorporated in this state, shall cease to transact business in this state, according to the laws thereof, the agents last designated, or acting as such for such corporation, shall be deemed to continue agents for such corporation for the purpose of serving process for commencing action upon any policy or liability issued or contracted while such corporation transacted business in this state; and service of such process, for the causes aforesaid, upon any such agent, shall be deemed a valid personal service upon such corporation, and every such company, association or partnership shall also file a certified copy of their charter or deed of settlement, together with a statement,

under the oath of the president or vice president, or other chief officer, and secretary of the company for which he or they may act, stating the name of the company and place where located, the amount of its capital, with a detailed statement of its assets, showing the amount of cash on hand, in bank, or in the hands of agents, the amount of real estate, and how much the same is incumbered by mortgage, the number of shares of stock of every kind owned by the company, the par and market value of the same, amount loaned on bond and mortgage, the amount loaned on other security, stating the kind and amount loaned on each, and the estimated value of the whole amount of such securities, any other assets or property of the company; also stating the indebtedness of the company, the amount of losses adjusted and unpaid, the amount incurred and in process of adjustment, the amount resisted by the company as illegal and fraudulent, and all other claims existing against the company; also a copy of the last annual report, if any, made under any law of the state by which such company was incorporated; and no agent shall be allowed to transact business for any such company whose capital is impaired to the extent of twenty per cent. thereof, while such deficiency shall continue; and any company incorporated by or organized under any foreign government shall, in addition to the foregoing, deposit with the auditor of public accounts for the benefit and security of policy holders residing in the United States, a sum not less than two hundred thousand dollars in stocks of the United States, or of the state of Illinois, in all cases to be equal to a stock producing six per cent. per annum; said stocks not to be received by said auditor at a rate above their par value or above their current market value, or in bonds and mortgages on improved unincumbered real estate in the state of Illinois worth fifty per cent. more than the amount loaned thereon. The stocks and securities so deposited may be exchanged, from time to time, for other securities receivable as aforesaid; and so long as the company so depositing shall continue solvent and comply with the laws of this state, such company or association may be permitted, by the said auditor, to collect the interest or dividends on said deposits, and where a deposit is made of bonds and mortgages, accompanied by full abstracts of titles and searches, the fees for an examination of title by counsel, to be paid by the party making the deposit, shall not exceed twenty dollars for each mortgage, and the fee for an appraisal of property shall be five dollars to each appraiser, not exceeding two, besides expenses for each mortgage; nor shall it be lawful for any agent or agents to act for any company or companies referred to in this section, directly or indirectly, in taking risks or transacting the business of fire or

inland navigation insurance in this state without procuring from the auditor of public accounts a certificate of authority stating that such company has complied with all the requisitions of this act which apply to such companies, and the name of the attorney appointed to act for the company. The statement and evidences of investments required by this section shall be renewed from year to year, in such manner and form as may be required by said auditor, with an additional statement of the amount of premiums received and losses incurred in this state during the preceding year, so long as such agency continues; and the said auditor, on being satisfied that the capital, securities and investments remain secure as hereinbefore provided, shall furnish a renewal of the certificate as aforesaid. Any violation of any of the provisions of this act shall subject the party violating the same to a penalty of five hundred dollars for each violation, and of the additional sum of one hundred dollars for each month during which any such agent shall neglect to file such affidavits and statements as are herein required. Every agent of any insurance company shall, in all advertisements of such agency, publish the location of the company, giving the name of the city, town, or village in which the company is located, and the state or government under the laws of which it is organized. The term "agent or agents," used in this section, shall include an acknowledged agent, surveyor, broker, or any other person or persons who shall, in any manner, aid in transacting the insurance business of any insurance company not incorporated by the laws of this state. The provisions of this section shall apply to all foreign companies, partnerships, associations and individuals, whether incorporated or not. All insurance companies, associations or partnerships incorporated by or organized under the laws of any other state of the United States, or any foreign government, transacting the business of fire or marine insurance, or any other kind of insurance, in this state, shall make annual statements of their condition and affairs to the auditor's office, in the same manner and in the same form as similar companies organized under the laws of this state. In case of neglect or refusal to make such annual statement as aforesaid, all persons acting in this state as agents or otherwise, in transacting the business of insurance for said companies, corporations, associations, partnerships or individuals, shall be subject to the same penalties provided by law in case of the failure of any insurance company organized under the laws of this state to make an annual statement, as provided in this act. Foreign insurance companies shall be required to make and file their annual statements and evidences on the first day of January in each year, or within thirty days thereafter, made

out for the year ending on the preceding thirtieth of September. The supplementary annual statements of their business and affairs in the United States, duly verified by the resident manager of such company, shall be filed in the month of January in each year, made out for the year ending the thirty-first day of December, immediately preceding.

§ 23. It shall be the duty of the auditor of public accounts, whenever he shall deem it expedient so to do, in person, or by one or more persons to be appointed by him for that purpose, not officers or agents of or in any manner interested in any insurance company doing business in this state, except as policy holders, to examine into the affairs of any insurance company incorporated in this state or doing business, by its agents, in this state; and it shall be the duty of the officers or agents of any such company doing business in this state to cause their books to be opened for the inspection of the auditor or the person or persons so appointed, and otherwise to facilitate such examination so far as it may be in their power to do, and to pay all reasonable expenses incurred therein; and for that purpose the said auditor, or person or persons so appointed by him, shall have the power to examine, under oath, the officers and agents of any company relative to the business of said company, and whenever the said auditor shall deem it for the best interests of the public so to do, he shall publish the result of said investigation in one or more papers in this state; and whenever it shall appear to the said auditor, from such examination, that the assets of any company incorporated in this state are insufficient to justify the continuance in business of any such company, he may direct the officers thereof to require the stockholders to pay in the amount of such deficiency within such period as he may designate in such requisition, or he shall communicate the fact to the attorney general, whose duty it shall then become to apply to the circuit court of the county in which the principal office of said company shall be located, for an order requiring them to show cause why the business of such company should not be closed, and the court shall thereupon proceed to hear the allegations and proofs of the respective parties; and in case it shall appear to the satisfaction of said court that the assets and funds of said company are not sufficient as aforesaid, or that the interests of the public so require, the said court shall decree a dissolution of said company and a distribution of its effects. The said circuit court shall have power to refer the application of the attorney general to a master in chancery to inquire into and report upon the facts stated therein. Any company receiving the aforesaid requisition from the said auditor shall forthwith call upon its stockholders for such

tion into affairs.

amounts as will make its capital equal to the amount fixed by the charter of said company, and in case any stockholder of such company shall refuse or neglect to pay the amount so called for, after notice personally given or by advertisement, in such time and manner as the said auditor shall approve, it shall be lawful for the said company to require the return of the original certificate of stock held by such stockholder, and in lieu thereof to issue new certificates for such number of shares as the said stockholder may be entitled to, in the proportion that the ascertained value of the funds of the said company may be found to bear to the original capital of the said company, the value of such shares for which new certificates shall be issued to be ascertained under the direction of the said auditor, and the company paying for the fractional parts of shares; and it shall be lawful for the directors of such company to create new stock and dispose of the same, and to issue new certificates therefor, to an amount sufficient to make up the original capital of the company. And it is hereby declared that, in the event of any additional losses accruing upon new risks taken after the expiration of the period limited by the said auditor in the aforesaid requisition for the filling up of the deficiency in the capital of such company, and before said deficiency shall have been made up, the directors shall be individually liable to the extent thereof. And if, upon such examination, it shall appear to the said auditor that the assets of any company chartered on the plan of mutual insurance, under this act, are insufficient to justify the continuance of such company in business, it shall be his duty to proceed, in relation to such company, in the same manner as is herein required in regard to joint stock companies; and the trustees or directors of such company are hereby made personally liable for any losses which may be sustained upon risks taken after the expiration of the period limited by said auditor for filling up the deficiency in the capital, and before such deficiency shall have been made up. Any transfer of the stock of any company, organized under this act, made during the pending of any such investigation, shall not release the party making the transfer from his liability for losses which may have accrued previous to the transfer. And whenever it shall appear to the said auditor, from the report of the person or persons appointed by him, that the affairs of any company not incorporated by the laws of this state are in an unsound condition, he shall revoke the certificates granted in behalf of such company, and shall cause a notification thereof to be published in a newspaper of general circulation published in the city of Springfield, and mail a copy thereof to each agent of the company, and the agent or agents of such company, after such notice, shall be re-

quired to discontinue the issuing of any new policy and the renewal of any previously issued.

§ 24. Every penalty provided for by this act shall be sued for and recovered in the name of the people, by the state's attorney of the county in which the company or the agent or agents so violating shall be situated, and one-half of said penalty, when recovered, shall be paid into the treasury of said county, and the other half to the informer of such violation; and in the case of the non-payment of such penalty, the party so offending shall be liable to imprisonment for a period not exceeding six months, in the discretion of any court having cognizance thereof. Such penalties may also be sued for and recovered in the name of the people, by the attorney general, and when sued for and collected by him shall be paid into the state treasury.

Penalties,
how recovered.

§ 25. All companies incorporated or extended under this act may provide, in their charters, for not more than thirty years' duration, but the legislature may, at any time, alter or amend this act, and provide for the closing up of the business and affairs of any company formed under it. Nothing herein contained shall be construed to prevent subsequent extension of the charters of companies organized or extended under this act.

Duration
of
companies.

§ 26. Companies, other than those organized under the laws of this state, which may have received certificates of authority for the year 1869, prior to the passage of this act, shall be permitted to continue to transact the business of insurance, without further statement, until the thirty-first day of January, 1870. Any fire or fire and marine insurance company, chartered by this state, may have a lien, by passing a by-law to that effect, upon the stock or certificate of profits owned by any member for any debt hereafter to become due the said company for premiums, by stating that the said stock is subject to any such lien upon the certificates of stock or profits, and such lien may be waived, in writing, by the consent of the president of said company upon the transfer of any such stock. Whenever it shall appear to the auditor of public accounts, from an examination made by him, in the manner prescribed by law, that the capital stock of any joint stock company, organized pursuant to law, is impaired to an amount exceeding twenty-five per cent. for such capital, and he shall be of the opinion that the interests of the public will not be prejudiced by permitting such company to continue business with a reduced capital, it shall be lawful for such company, with the permission of the said auditor, to reduce its capital stock and the par value of the shares thereof, to such amount as the said auditor may, under his hand and official seal, certify to be proper, and as shall, in his opinion, be justified by the assets and property of such company:

Miscellaneous.

Provided, that no part of such assets and property shall be distributed to the stockholders: *And, provided, further*, that the capital stock of any such company shall not be reduced to an amount less than the sum now required by law for the organization of a new company, under the general insurance laws, for the transaction of business at the place where such company is located, and of the kind which such company is authorized to transact. No reduction of the capital of any such company shall be made except upon a resolution of its board of directors, approved by at least two-thirds of the directors and certified under its corporate seal, signed by the president and at least two-thirds of the directors, and proved or acknowledged in the manner required by law for the proof or acknowledgment of conveyances; which certificate shall be filed in the office of said auditor before any action shall be had by him thereon. The auditor of public accounts, in case he shall permit any such company to reduce its capital in the manner provided in this act, shall execute the certificate required by this act, in duplicate, and deliver one of such certificates to the officers of such company, who shall forthwith file the same with the clerk of the county in which such company is located, and the other such certificate shall be filed in the office of said auditor. Such company, upon filing the certificate with the county clerk as required by this act, shall, with such reduced capital, possess the same rights and be subject to the same liabilities that it possessed or was subject to at the time of the reduction of its capital; and the charter of such company shall be deemed to be amended in respect to the amount of capital and the par value of the shares, so as to conform to such reduction. It shall be lawful for the said company to require the return of the original certificate of stock held by each stockholder, and in lieu thereof, to issue new certificates for such number of shares as each stockholder may be entitled to, in the proportion that the reduced capital may be found to bear to the original capital of the company. It shall be lawful for any such company, after its capital shall be so reduced as aforesaid, to increase its capital stock in the mode prescribed by this law. It shall be the duty of all receivers and trustees of insurance companies, during the month of January in each year, and at any other time when required by the auditor of public accounts, to make and file annual and other statements of their assets and liabilities, and of their income and expenditures, in the same manner and form and under the same penalties as the officers of such companies are now required by law to make annual and other statements to the auditor's office; and the said auditor shall also cause its annual statements, required to be filed by this act, to be published

in two daily newspapers of general circulation, the one printed in the city of Chicago and the other printed in the city of Springfield, not less than fifteen days.

§ 27. There shall be paid by every company, association, person or persons, or agent, to whom this act shall apply, the following fees: For filing the declaration or the certified copy of a charter herein required, the sum of thirty dollars; for filing the annual statement required, ten dollars; for each certificate of authority to agents of companies or associations not incorporated under the laws of this state, two dollars; for each certificate of authority to agents of companies incorporated under the laws of this state, fifty cents; for every copy of paper filed in his office, the sum of twenty cents per folio; and for affixing the seal of said office to such copy and certifying the same, one dollar; and in case two or more companies shall combine and effect insurance under a joint policy, each and every company shall pay the fees provided herein, the same as if each company wrote separate and distinct policies: *Provided*, that the net amount of all fees over and above the cost of performing the clerical labor connected therewith shall not exceed, under this act, the sum of five thousand dollars, and that any amount above that sum shall be paid over to the state treasurer: *And, provided, further*, that the auditor shall render account, in his biennial report, of the fees received by him under the provisions of this act.

§ 28. Agents appointed by any company doing business in this state, to solicit for applications for insurance, to collect the premiums on the same and to transact the other duties of agents in such cases, shall be held personally responsible to such company for any moneys received by them for such company; and in case any such agent shall embezzle or fraudulently convert to his own use, or shall take or secrete, with intent to embezzle and convert to his own use, without consent of such company, any money belonging to such company which shall have come into his possession or shall be under his care by virtue of his agency, he shall be deemed, by so doing, to have committed the crime of larceny, and, on conviction, shall be subject to the fines and penalties provided by the statutes in such cases.

§ 29. Whenever the existing or future laws of any state of the United States, or any other kingdom or country, shall require of insurance companies incorporated by or organized under the laws of this state, and having agencies in such other state, kingdom or country, any deposit or securities in such state, kingdom or country, for the protection of policy holders or otherwise, of any payment for taxes, fines, penalties, certificates of authority, license fees

or otherwise, greater than the amount required for such purposes from similar companies of other states by the then existing laws of this state, then and in every such case, all companies of such states, establishing or having heretofore established an agency or agencies in the state, shall be and are hereby required to make the same deposit, for a like purpose, with the auditor of this state, and to pay to the auditor, for taxes, fines, penalties, certificates of authority, license fees, and otherwise, an amount equal to the amount of such charges and payments imposed by the laws of such state upon the companies of this state and the agents thereof: *Provided*, that the payment required of such foreign companies shall, in no case, be less than required by this act.

Annual return
of agents.

§ 30. Every agent of any insurance company incorporated by the authority of any other state or government, shall return to the proper officer of the county, town or municipality in which the agency is established, in the month of May, annually, the amount of the net receipts of such agency, which shall be entered on the tax lists of the county, town and municipality, and subject to the same rate of taxation for all purposes, state, county, town and municipal, that other personal property is subject to at the place where located, said tax to be in lieu of all town and municipal licenses; and all laws and parts of laws inconsistent herewith are hereby repealed: *Provided*, that the provisions of this section shall not be construed to prohibit cities having an organized fire department from levying a tax or license fee, not exceeding two per cent., in accordance with the provisions of their respective charters, on said gross receipts, to be applied exclusively to the support of the fire department of such city.

Not to conflict with companies operating under previous act.

§ 31. Nothing in this act shall be so construed as to interfere with the workings or organization of any insurance company organized under an act of the general assembly, entitled "An act to authorize the formation of township insurance companies," approved February 20, 1867, or to any township insurance company chartered by act of this general assembly.

When to take effect.

§ 32. This act shall take effect from and after its passage: *Provided*, that companies other than those organized under the laws of this state, which may have received licenses for the year A. D. 1869, prior to the passage of this act, shall not be obliged to renew application during the said year, but such company shall be subject to examination at the discretion of the auditor of public accounts as hereinbefore provided: *Also, provided*, that the examination of companies already organized under the laws of this state shall, for the year 1869, be made in the month of July next, or as soon thereafter as possible.

And the said taxes and funds required in this act to be placed to the credit of counties, townships, cities and towns, shall be applied by the state treasurer to the payment of the registered railroad bonds of such county, township, cities or towns, equally and without discrimination.

§ 6. The state may, out of such funds, first retain or satisfy the ordinary costs of the state of the collection and disbursement thereof; and in case of non-presentment of any such bonds or interest coupons for payment, at the time and place when and where the interest on the state debt is or may be paid, then, on the beginning of the next year, the money by reason thereof undisbursed, together with any surplus for any cause remaining, shall be carried to the fund of such county, township, city or town, of the current or ensuing year, and be considered by the auditor in making his next estimate for taxation therein for such year under this act, and shall be applied accordingly during the first eight years of the operation of this act. All laws relating to the payment of interest on the state debt, or the cancelation of evidences thereof, not inconsistent with this act, shall apply to the receipt, custody and disbursement of the taxes and funds provided by this act.

In case of surplus.

§ 7. And it shall not be lawful to register any bonds under the provisions of this act, or to receive any of the benefits or advantages to be derived from this act, until after the railroad in aid of the construction of which the debt was incurred shall have been completed near to or in such county, township, city or town, and cars shall have run thereon; and none of the benefits, advantages or provisions of this act shall apply to any debt, unless the subscription or donation creating such debt was first submitted to an election of the legal voters of said county, township, city or town, under the provisions of the laws of this state, and a majority of the legal voters living in said county, township, city or town were in favor of such aid, subscription or donation; and any county, township, city or town shall have the right, upon making any subscription or donation to any railroad company, to prescribe the conditions upon which such bonds, subscriptions or donations

Duties of audi-
tor.

§ 9. And the state auditor, from the total value of all the property in the state, after the same shall have been equalized in accordance with the provisions of "An act to amend the revenue laws, and to establish a state board of equalization of assessments," approved March 8, 1867, shall deduct the amount of the said increased valuation of of the taxable property above the valuation of the year 1868, in such counties, townships, incorporated cities and towns as may be entitled to the benefits of this act, and the taxes upon which are herein directed to be credited to counties, townships, cities and towns, and upon the amount

remaining he shall cause to be collected such a per cent. as shall be sufficient to pay the appropriations and other demands upon the treasury due to the end of each fiscal year; and the same per cent. shall also be collected on the said increased valuation above the valuation of the year 1868, and applied as herein provided.

§ 10. Upon the payment of any such registered bond or interest coupons by the county, township, city or town issuing the same, and presentation thereof to the state auditor, he shall cause due entry thereof to be made in his office.

§ 11. And if the principal and interest of the bonds registered under the provisions of this act shall be fully paid and canceled at any time before the expiration of the full term of ten years, during which the funds provided in section one of this act are to be applied to the credit of such county, township, city or town, then the provisions of this act in respect thereto shall cease and determine, and no further money derived from said taxes shall be so applied.

Naval Station.

Preamble.

WHEREAS, the late war demonstrated the importance of a naval depot upon the banks of one of the great rivers of the west, which should be free from all danger of attack from abroad and, at the same time, in close proximity to all materials necessary for naval construction; and, whereas, experience has shown that Mound City is something better for a naval station by reason of its central geographical position, and by reason of its being located near to and closely surrounded by the hemp growing and iron producing sections of the country, and by reason of its mild and healthful climate; therefore,

Preamble.

Be it resolved by the Senate and House of Representatives concurring herein, That the committees on public buildings and state library of the senate and house of representatives be instructed to fully investigate the quality of all said stone, and inquire into all tests that have been made, by use and theory—with power, at their discretion, to visit the several quarries of the state, and noted buildings erected in the state at Rock Island and other places; and that they procure the tests made by General Rodman, of U. S. A., of all such stone, and procure such other scientific tests as they may be able to obtain; and that they report the result of all their investigations to each house.

AUDITOR OF PUBLIC ACCOUNTS

OF THE

STATE OF ILLINOIS,

TO THE

TWENTY-SIXTH GENERAL ASSEMBLY.

SPRINGFIELD:
ILLINOIS JOURNAL PRINTING OFFICE,
1869.

BIENNIAL REPORT
OF THE
AUDITOR OF PUBLIC ACCOUNTS
OF THE
STATE OF ILLINOIS.

AUDITOR'S OFFICE, ILLINOIS,
Springfield, December 1, 1868.

To the General Assembly of the State of Illinois :

I have the honor to submit the following report, as Auditor of Public Accounts, for the two years commencing December 1, 1866, and ending November 30, 1868, showing :

1. A statement of receipts into the treasury and of warrants drawn thereon, on account of the revenue fund.
2. A general statement of warrants drawn on the treasury for all purposes.
3. A detailed statement of warrants drawn on the treasury, and to what account and appropriation charged.
4. A statement of the amount of warrants outstanding unpaid December 1, 1868.
5. A statement of the school, college, and seminary funds.
6. A statement of State indebtedness redeemed and purchased with the Illinois Central Railroad fund.
7. A statement of State indebtedness redeemed and purchased with the State debt fund.
8. A statement of the accounts of the State Treasurer, with the several State funds, and county and city interest funds.
- 9, 10 and 11. Statements of the assessment of real and personal property in the several counties for the years 1866, 1867 and 1868.

12. Statement showing the rates *per cent.* of addition and deduction determined by the State Board of Equalization on the assessments of the several counties, for the years 1867 and 1868.
- 13 and 14. Statements of the State taxes charged in the several counties, amounts collected, etc., for the years 1866 and 1867.
- 15 and 16. Statements of the school tax fund for the years 1866 and 1867.
17. A statement of dividends of the school tax and interest funds for the years 1866 and 1867.
18. A statement of the condition of State banks.

BOARD OF EQUALIZATION.

The General Assembly, at its last regular session, enacted a law providing for a State Board of Equalization, with power to add to or deduct from the assessment of any county such rate *per centum* as seemed to the Board just and equitable, of which Board the Auditor is *ex officio* a member.

The Board met in the years 1867 and 1868, at the time appointed in the law, and discharged the duties devolved upon them by adding to the valuations returned by such counties as they believed to be assessed relatively too low, and deducting from the valuations returned by such counties as they believed to be assessed relatively too high.

No opposition was made to the action of the Board, except in the county of Cook. The county clerk of Cook county, in response to my notice of the action of the Board in determining an addition of twenty-four per cent. to the assessed valuation of property in said county, informed me that he deemed the law, creating the Board, unconstitutional, and their action illegal and void, and refused to extend the addition directed by the Board. Deeming it my duty to bring any question, touching the validity of the law on which all the revenues of the State were dependent, to a judicial test, I applied to the Supreme Court, at its January term, 1868, for a *mandamus* to require the clerk to make the addition as determined by the Board; and on trial of the case the court sustained the law, and awarded the *mandamus*, a copy of which was duly furnished to the clerk. I recently learn that he has wholly neglected to comply with the order of the court. This information I have communicated to the Attorney-General for his action.

Experience has, I think, demonstrated the usefulness of the Board of Equalization, and proven that under its operation a more uniform distribution of the burdens of taxation has been obtained. So far as I can ascertain the belief is general that it should be retained as a permanent feature of our revenue system. It is found, however, that some amendments to the law are requisite to a more complete and equitable plan of equalization.

As at present provided, the same rate per cent. is required to be added or deducted from all classes of property in the same county, regardless of the relative valuations, while it is evident from an examination of the returns of assessment that in many instances the valuation of real property, personal property and railroad property

in the same county bear no just relation to each other. An amendment, whereby each of these classes of property should be acted upon separately by the Board, and the rate of addition or deduction determined on each, and applied to each separately, without combining as at present, would, in my opinion, be a great improvement in the system.

Another improvement can be made by removing the arbitrary rule of averages prescribed as to personal property, leaving the board at liberty to consider the relative actual values of personal property in different localities.

The Board at its last session adopted a series of resolutions, which will doubtless be laid before the General Assembly by the Governor, recommending the creation of a Bureau of Statistics, with suitable provision for obtaining reliable information as to commercial, agricultural, mechanical, mineral, social, and other interests and condition of the several counties. Such information would be of great value to the Board of Equalization, and would, it is believed, be of such general interest and usefulness as to amply repay the expense incurred.

The additions and deductions determined will be found in statement No. 12.

TAXES LEVIED.

By the provisions of laws enacted by the last General Assembly, it was made the duty of the Auditor to compute and levy rates of taxation necessary to provide for defraying the current expenses of the State government and appropriations, and for payment of interest on the public debt.

The rates computed and levied were, for the year 1867, two and one-half mills on each dollar of valuation for revenue purposes, and one and one-fifth mills for interest. The rates for 1868 are one and one-half mills for revenue purposes, and one mill for interest—making the aggregate State taxes, including two mills for the payment of principal of the State debt, and two mills for the support of schools, equal to seven and seven-tenths mills for 1867, and six and one-half mills for 1868. The estimated proceeds of the tax of 1868, for revenue purposes, is \$640,000, a sum deemed sufficient to meet the current expenses for the coming year, and all known demands upon the treasury payable from revenue funds.

STATE BANKS.

It is provided, in an act passed at the last regular session of the General Assembly, that banks theretofore organized, may file with the Auditor bonds, with security, conditioned that they will redeem outstanding bills for five years at the bank, at the Auditor's office, and in Chicago; upon the filing of which bond the Auditor is required to surrender the securities deposited by such banks for the redemption of their circulating notes. Under this provision of law the following named banks have filed bonds and withdrawn their securities, viz:

McLean County Bank	March, 12, 1867
Bank of Bloomington.....	April 4, 1867
Treasury Bank	April 9, 1867
Home Bank.....	April 16, 1867
Marine Bank.....	Nov. 4, 1867
Bank of Galena.....	Feb. 8, 1868

Since my last report, the time fixed by law for redemption by the Auditor of notes of banks in liquidation, has expired as to the following named banks, viz: Bank of Illinois, City Bank Ottawa, Exchange Bank, Grundy County Bank, Reapers' Bank, People's (late Mahaiwe) Bank, Traders' Bank, and United States Stock Bank.

The date of expiration of the remaining banks in liquidation is shown in table No. 18. Two banks only, not in liquidation, have securities remaining on deposit with the Auditor, viz: The Sycamore Bank, which has circulation outstanding eighty-seven dollars, and the Cumberland County bank, with a circulation of four hundred and forty-four dollars.

ORLIN H. MINER,
Auditor P. A.

- No. 27. Recapitulation of Treasurer's accounts, showing a balance in the treasury, Dec. 1, 1868, of all funds, of \$1,447,041 12.

I also submit statement (No. 28) in relation to the State debt, showing the amount of inscribed stock and the several classes of coupon bonds, their numbers and amounts outstanding December 1, 1868.

The amount received in the year 1867, for purposes of revenue, was largely exceeded by the appropriations made by the Twenty-fifth General Assembly at its regular and special sessions. In order to preserve the credit of the State and to prevent loss and embarrassment to its creditors and institutions, it became necessary, during the year 1867, and for a portion of 1868, to advance moneys from other funds to pay revenue warrants. The amount so advanced did not prejudice claims as presented upon those funds, and has been returned to them from collections made in the year 1868, for revenue purposes.

On the 1st day of December, 1866, the total funded debt of the State, was.....\$8,595,343 02

The debt was increased in 1867 by the issue of bonds in accordance with an act entitled "An act to provide for paying the expenses of carrying on and maintaining the Illinois State Penitentiary at Joliet," approved June 28, 1867 \$50,000 00

Aggregate debt and increase.....\$8,645,343 02

On the 1st day of December, 1868, the funded debt of the State, including \$13,350 of bonds called in by the proclamations of the Gov-

ernor, which had not been presented and on which interest had ceased, as per statement No. 28, was \$5,988,453 53—the amount of principal of the debt paid from December 1, 1866, to November 30, 1868, being \$2,656,889 49.

Such payments were made from the State debt and Illinois Central Railroad funds, and by the Trustees of the Illinois and Michigan Canal from the receipts of the canal.

On the 4th day of January, 1868, His Excellency, the Governor, issued his proclamation under the act of 1859, to take effect on the 15th day of February, 1868, by virtue of which a payment upon the debt was made to the amount of the State debt fund at the latter date remaining on hand and applicable. On the 20th day of July, 1868, the Governor issued his other proclamation, to take effect on the 15th day of September, 1868, by virtue of which a payment upon the debt was made to the amount of nearly all the Illinois Central Railroad fund at the last mentioned date remaining on hand. The amount paid under these two proclamations is included in the aggregate of payment hereinbefore stated.

A proclamation is now outstanding, bearing date October 9th, 1868, and to take effect on the 4th day of January, 1869, by virtue of which a payment will be made from the amount to be paid by the Illinois Central Railroad Company for seven per cent. of its gross earning for the six months ending October 31, 1868. This payment will cancel the balance outstanding of the interest stock of 1857, and refunded stock bonds of 1865, and refunded canal stock bonds of 1860.

On the 1st day of January, 1869, the State debt fund of 1867, collected in 1868, amounting on the 1st day of December, 1868, to \$910,920 04, as per statement No. 16, will be applicable to the payment of such bonds as may be presented. It is supposed the Trustees of the Illinois and Michigan Canal will also then declare a dividend from the canal revenues upon the registered canal debt.

There has also been during the two years preceding December 1, 1868, some reduction in the unfunded scrip outstanding. The amount remaining for which the State is liable is small, and is stated at \$17,895. The following abstract shows the classes, amounts and total, of the funded interest-bearing debt outstanding December 1, 1866.

Total interest-bearing funded debt.....		\$5,975,103 53

The liquidation bonds, amounting to \$193,400, and refunded stock bonds of 1862, amounting to \$213,000, will be all remaining of past due bonds, after January 4th, 1869, which can be called in by proclamation. The balance of the debt matures from 1869 to 1879.

In view of this condition of the debt, the apparent disposition of holders of Illinois bonds to retain and not present them for payment, and the consequent prospective accumulation in the treasury of the State Debt and Illinois Central Railroad funds, it is suggested that, unless it shall be deemed wise to refer the subject to a constitutional convention, a law authorizing the investment of such accretions in interest-bearing securities, as a sinking fund until such time as they can be made applicable to the payment of the debt, is advisable.

During my term of office, I have had the assistance of Mr. Samuel T. Dresser, of Springfield, as clerk and deputy, who has brought to the performance of his duties unusual skill and fidelity.

GEO. W. SMITH,
State Treasurer.
